- G. Board Discussion

Craig brought up some concern about Mrs. Wright (note she was not present). Chemistry is a main concern and the kids are not understanding the course work. Mr. Tapio explained that the course was designed as a college prep class and he told her to redo her curriculum. Mr. Tapio also said he will do an individual development plan for Mrs. Wright.

Jessica brought up the survey that the PR Committee did last month. Jessica and Kelly are almost ready to share the results. The whole committee agreed they would share positive comments only with the staff and parents. There are a few concerns that they would like to discuss with the full Board and Tapio. Jessica wasn't sure if they could do that in a closed session with the two teachers mentioned in the results.

Klara stated that it can only be in closed session if the teacher requests so. Nick said, "That's only if we follow the rules". Jessica and Klara said yes, we follow the rules.

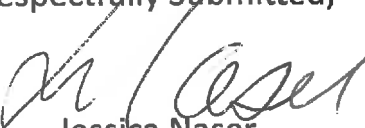

Bruce said that we first need to bring these concerns to him. Jessica told him that they had planned on speaking to him first. Kelly and Jessica will meet this week to finish tallying the results.

Motion to adjourn made by Klara Grondine, supported by Nick Hanchek.

Motion carried 7-0.

Respectfully Submitted,
